

Hungry employees? We've got you covered

Get the industry's best corporate ordering experience.

Meals for every work occasion

From remote teams to traveling employees to safe office orders, we can streamline all of your corporate food ordering.

Feed teams nationwide

Cater to every taste with over 300,000 restaurant partners in the nation.

Cut costs

Save 10–30%* annually on food by setting budgets and rules for employee spending.

Attract top talent

Offering meal perks helps attract top talent and retain current employees.

Consolidate orders to one account

Enjoy streamlined billing and expense management for all food spend across all employee locations through one centralized account.

Join thousands of companies who feed their team with Grubhub

Grubhub was one of the easiest programs we've ever implemented thanks to their customer service and ease of use. Our employees are very happy with the remote option and we'll continue to use Grubhub when we return to the office."

Stacy Weber Meeting, Travel & Procurement Manager, Moss Adams

The best way to feed your team

Improved ordering, easy account management and more.

Easy and convenient account tools

- ▶ Quick, secure sign-on using company email
- ▶ Easy syncing and management of user accounts and expense codes
- ▶ Extensive order history to track spending in real-time

Increased flexibility to satisfy your employees

- ▶ Single orders can be placed with one or more employee budgets
- ▶ One convenient link to place single orders for group delivery
- ▶ Shared delivery fees help save money
- ▶ Diverse restaurant selection to satisfy every employee nationwide

Flexible office ordering options for every occasion

Remote teams

Boost remote employee morale by providing meal perks they can use while working from home.

In-office meals

Safely and easily order food for office meetings, employee lunches, overtime meals and more.

Traveling employees

Eliminate expense reports and personal credit cards with hassle-free ordering for traveling employees.

Individual meal perks

Set budgets for employees to order meals while they're working remotely, in-office or putting in overtime.

Group orders

Orders are placed together and arrive individually bagged and labeled so your team can grab and go.

Catering

Safely feed your next team meeting with individually boxed catering meals.
